

Palestine-Wheatley School District Transitional Support Plan

Districts will appoint a District Liaison to support, guide, and monitor the schools during the transition year.
 District Liaison/Contact for the 2017- 2018 school year Kristi Wilson

<p align="center"><u>District Supports</u></p>	<p align="center"><u>District Requested Supports</u></p>	<p align="center"><u>ADE Supports</u></p>
<p>Identify/List the supports the School District will provide to schools classified in 2016-2017 as Academic Distress, Priority, or Focus status.</p> <p>Palestine-Wheatley High School's data has shown significantly low test scores in math for three consecutive years. Administration has replaced two low performing math teachers in an effort to raise academic achievement as well as test scores. Through observation and recent interim ACT Aspire data these teachers have proven to be more effective.</p>	<p>Identify/List any areas where the School District may need additional support or assistance with building capacity to ensure support is provided to classified schools.</p> <p>Whenever possible, Palestine-Wheatley High School needs the opportunity to select and hire highly qualified teachers. We are asking the Arkansas Department of Education to ensure that Teach for America serves all Delta public schools and does not allow them to cater to only charter schools.</p>	<p>Supports ADE will provide either directly or indirectly to the School District based on requested supports.</p> <p>(To be determined through collaboration ADE/LEA)</p>
